TIPS FOR HOME SAFETY

As we approach the festive season and the annual influx of visitors, all residents/visitors are urged to be extra alert and vigilant. Precautions that can be taken to eliminate temptations are basic and if universally applied could materially reduce losses by theft and burglary.

- ✓ Ensure that all windows can be properly locked and are burglar proofed, even in upper storey rooms where a window is situated near a drainpipe;
- ✓ Ensure that external doors & sliding doors are fitted with adequate locks & burglar proofing;
- ✓ Ensure that valuable property is not left near / in front of open windows / doors.
- ✓ Ensure that valuable items are not left on seats in cars parked at unprotected and isolated areas.
- ✓ Ensure that an intruder detection system is connected directly to a security company providing a 24 hour service. Ensure that the system is always activated when away from home. Ensure that the system is periodically checked and maintained and upgraded where necessary.
- ✓ Ensure that your alarm systems eyes are positioned correctly to cover window & door entrances.
